

EPC RECAST

ENERGY PERFORMANCE
CERTIFICATE RECAST

3rd Policy Advisory Board and Stakeholder Mirror Group WORKSHOP

May 24, 2024 10:00 to 14:30

Rue Washington 40
Brussels

AGENDA

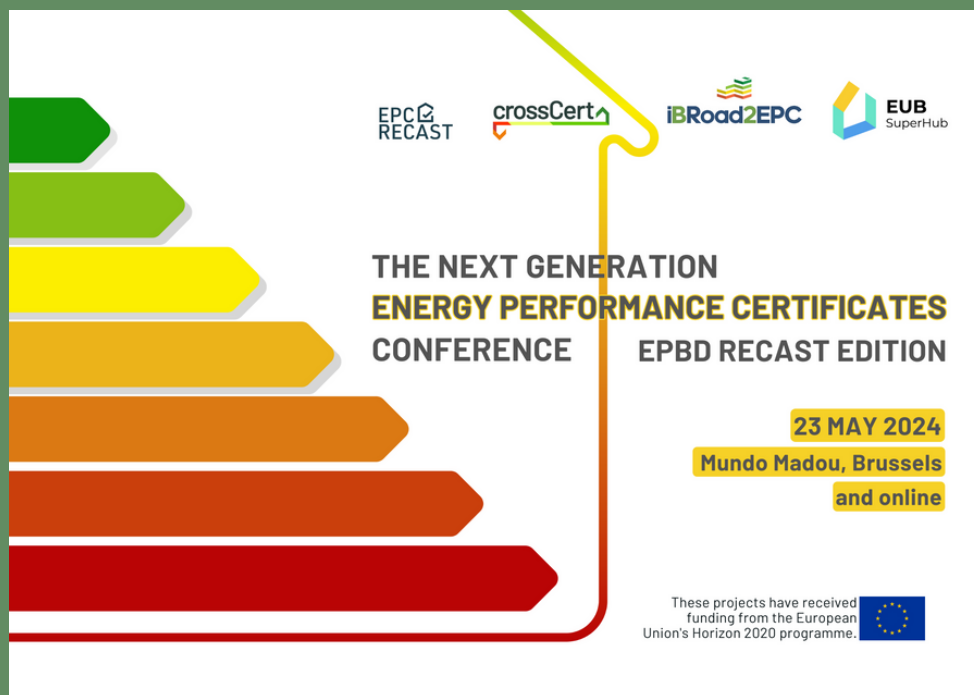

Friday May 24, 2024 10:00 to 14:30

- **10:00 – 10:05** Welcome (*Harald Will*)
- **10:05 – 10:20** EPC RECAST concept & methodology (*Olivier Greslou*)
- **10:20 – 11:35** What are our most promising results:
 - Geometrical scan (*Olivier Greslou*)
 - Calibration toolbox (*Sarah Noye*)
 - Dynamic energy modelling tool for EPC assessors (*Olivier Greslou*)
 - Renovation Roadmap (*Olivier Greslou*)
 - Printing app (*Harald Will*)
- **11:35 – 11:50** Coffee break
- **11:50 – 12:10** How these results have been demonstrated in pilot projects? (*Graziano Salvalai*)
- **12:10 – 12:20** How EPC RECAST will support the recast of the EPB Directive? (*Jana Bendžalová*)
- **12:20 – 12:30** Our main recommendations for an EU-wide framework for the next-generation EPC (*Dominique Caccavelli*)
- **12:30 – 13:00** Q & A (All)
- **13:00 – 14:30** Lunch break and interviews*

*Short Volunteer Interviews on the EPC RECAST project with PAB& SMG members & consortium partners

Do you have extra time on Thursday 23rd of May ?

We are pleased to also invite you to our Next Generation Energy Performance Certificates Conference

The 2024 Next Generation Energy Performance Certificates (EPCs) Conference is organised on **23 May 2024**, at **Mundo Madou, Brussels** in the greater context of the Energy Performance of Buildings Directive (EPBD) Recast to bring forward valuable insights and applicable outcomes.

Four distinct projects—crossCert, EPC RECAST, EUB SuperHub, and iBRoad2EPC—are addressing Energy Performance Certificates (EPCs) .

These sessions will cover setting the scene, policy-related insights, project outcomes, and incorporating third-party feedback.
